

1. Geography

The names and locations of the 13 British Colonies
(remember that England is part of Great Britain, which is the same thing as the United Kingdom)

2. Colonial America

- Know which explorers and countries founded colonies in North America
- Explain the Columbian Exchange, the Triangle Trade, and what they had to do with Slavery
- Define and explain the goals of the economic theory of Mercantilism
- Describe regional differences between the British Colonies. The three regions are:
New England Colonies, Middle Colonies, Southern Colonies
(Include information on economics, social structure, slavery, and political ideas.)

3. Important Documents

- Be able to describe and quote the Declaration of Independence (shortened to DOI)**
- Be able to explain the importance of the Magna Carta
- Be able to explain the importance of the Mayflower Compact

4. Critical Thinking Essay

(Answer in a paragraph of 7 or more well-structured sentences.)

In a complete paragraph, explain why Patriots in the English Colonies thought it was very important and completely legal for them to break away from England and form their own new country.

****items in bold will be done in Q3****
